If you decide to go for our 'Don't forget your wellies!' Package, please call us to discuss what you'll need. The kids will be out and about on the farm learning about wildlife, so they will need to bring various things with them. You will probably also want to see our risk assessment, so you can make sure you have everything you need for a safe, fun, educational day out!

Please note that which ever package you go for our normal rules and restrictions apply. We'd be grateful if you could be familiar with them before booking - In particular we'd like to draw your attention to the maximum age of 11 years and a maximum height restriction of 4ft 9". Socks must be worn by all using the equipment and we ask for a ratio of one adult to every six children. Please note that only food purchased in the Play Barn can be eaten in the Play Barn and its grounds during our normal opening hours. This rule does not apply for those groups who are booking our 'Don't forget your wellies!' package.
